

Fossil Drilling Now Operating Two Rigs

Mud Rotaries Serve Kansas and Oklahoma

Brian Siroky, Owner / President, of **Fossil Drilling, Inc.**, is pleased to announce that Rig No. 3 is now out of the yard and is currently serving operators in Kansas and Oklahoma. This is the second mud rotary rig in the field for Fossil Drilling, with headquarters located at 10213 Bluestem Blvd. in Pratt, Kansas.

Rig No. 3 is equipped with Ideco H-525 drawworks sitting above a 10 ft sub structure. The rig features a 105-ft tall derrick, Continental Emsco DB 550 mud pump, and is capable of drilling wells to depths up to 8,000 ft. Rig No. 3 will serve south central and southwestern Kansas, as well as northern Oklahoma. Fossil Drilling also operates **Rig No. 2** which serves central and southwest Kansas areas. It has a drilling capacity up to 5,500 ft in depth.

For more information on rig schedules, contact **David Leckner**, Vice President of Operations, on cell: 620-727-1978, office: 620-672-5625, fax: 620-672-6814, or Email: dleckner27@gmail.com.
