SEPT. 7 - 8

Great Bend, KS.

TORP/PTTC 2010 Technology Fair - Tertiary Oil Recovery Project

When: Tuesday, 12:00 noon - 5:00 p.m. & Wednesday, 9:00 a.m. - 12:00 noon

Place: Highland hotel & Convention Center

Highlights: Event will provide an opportunity to interact with a large number of operators in a single setting and is being held in conjunction with the annual API golf tournament that is scheduled over the same two days. The objective of this event is to bring together operators and service companies to promote and enhance the transfer of technology, as well as provide an opportunity for operators to connect with potential investors.

Cost: There is no admission charge.

More Info: Contact TORP 785-864-7396, fax 785-864-5713, e-mail: emctara@ku.edu, website: www.torp.ku.edu.

SEPT. 24 - 26

Wichita, KS

KGS Fall 2010 Field Trip & Core Workshop - Mississippian Outcrops - Kansas Geological Society

When: Friday - Sunday

Place: Depart by bus from Wichita

Highlights: 3-day trip (including travel) will examine world-class exposures of Mississippian (Kinderhookian to basal Meramecian) carbonate rocks in southwest Missouri, northwest Arkansas and northeast Oklahoma as analogs of petroleum reservoirs in the subsurface of Kansas and northern Oklahoma. The trip will be followed a week later (Oct. 1st) by a half-day core workshop that features Mississippian cores from south-central Kansas to compare to what was seen in the field. led by S. J. Mazzullo, Brian W. Wilhite and Darwin R. Boardman.

Cost: \$300 per person. Limited to first 42 to register. Includes bus, lodging (dbl occupancy), lunches, guide-book, and icebreaker (evening of the 24th). Dinners and breakfast are not included.

To Register: Before Sept. 20th. Checks payable to: Kansas Geological Society, 212 N. Market, ste 100, Wichita, KS 67202. For more information call the KGS Office 316-265-8676.
