

Hurricane Services Expands to Garden City

Hurricane Services, Inc. announces well service operations have been expanded to the Garden City, Kansas area effective January 18, 2016. With the expansion, Hurricane will provide well servicing directly from the Garden City location utilizing two double / triple derrick rigs, as well as, hydrostatic testing, mud pump and swivel rental.

In addition, they will provide other services from existing service camp locations in Madison and Garnett, Kansas, including well acid and fracturing treatments, nitrogen pumping, cementing services, and tank rental. Company headquarters is located in Wichita, Kansas.

For inquiries about the new Garden City services, contact **Rigo Dominguez**, Well Servicing Supervisor at the office 620-244-0562, cell 785-798-5774; or **Keith Befort**, Sales, cell 316-243-7366; or **Kevin Miller**, Sales, cell 785-448-8706.
